Weight: 260g
Material: Recycled Polyester, PFC free

Art.: 26 62 02
RRP*: € 17,95

GROENBERG

NEW RANGE

GROENBERG

GROENBERG – established 2016 in Ribe, the oldest town of Denmark – strives to combine spontaneity, individuality, freedom and the Danish principle of “hygge”.

The founders wanted to use these keywords to create their own version of the ultimate outdoor adventure. Fixed campsites and sluggish camper vans were out of the question, as they were lacking in individuality and spontaneity.

Therefore GROENBERG started the development of their own modern rooftop tents in 2018. And the results are impressive: Spacious, cosy, and made of high quality materials – rooftop tents by GROENBERG are the epitome of spontaneity, individuality and freedom, coupled with a lot of “hygge”!

And, to top off the well thought-out travel concept, GROENBERG expanded its range to combinable high-end cooking utensils, such as portable BBQ-grills, dutch ovens and cast-iron pans. GROENBERG thus creates the best framework for the ultimate outdoor adventure.
